INJECTABLES
COURSE PROSPECTUS

elevating aesthetics

Welcome

The medical aesthetics industry is a fast-growing and rewarding sector. With non surgical aesthetic enhancements becoming more mainstream, there are increasing numbers of people offering injectables. The key to distinguishing yourself lies with quality aesthetics training to the highest level to ensure you practice with confidence, enthusiasm and integrity.

Our training encompasses anatomical, physiological and pharmacological aspects of aesthetics, product knowledge, injecting techniques, safety and the management of complications taking you from a basic level practitioner to an expert aesthetics specialist. We will support you through each step of your journey towards aesthetics excellence.

We look forward to welcoming you to Jeunesse Academy where we will share, learn & advance aesthetics standards together.

Dr Kirshni

FOUNDER & LEAD TRAINER OF JEUNESSE ACADEMY
